Dear Sirs and Madams:

In the year..... I had an intrauterine device with copper inserted by Dr. B. Schulz, which was faultily manufactured by your company. The device's lot number is:.....

- I. Out of concern for the integrity of the device, I had it removed before its five-year lifetime, and I am requesting compensation for the remaining period in which it will no longer protect me against pregnancy.
- II. Out of concern for the integrity of the device, I had it removed before its five-year lifetime, and during removal one/two pieces of the sidearm broke off. My gynecologist, Dr. Bettina Schulz, sent it to you.
- III. The IUD got lost without my knowledge (?) and I was very afraid that I may have gotten unintentionally pregnant.
- IV. I have been harmed by the fact that a piece of the IUD was left inside my body because I have a great deal of fear that this will result in future damage to me.
- V. I had to undergo surgery in order to have the broken part removed.
- VI. I got pregnant unintentionally, with all of the consequences that that entails.

I therefore request financial compensation in the amount of€, and ask that you transfer this to my bank account, which details I provide below:

Account: DE.....

Sincerely,
